Lockdown 2.0

During the second lockdown we will be working predominantly from our homes, although trips to the office to run system backups and to collect post continue to be necessary a couple of times a week.

We still have the phones diverted to one phone number **07500947120** that number could then be re-directed to which ever one of us has the fuel ordering system open at that time and therefore it could be answered by either one of us. Of course, messages will be passed across accordingly if call backs are required.

We are still able to source facemasks & hand sanitisers for you, at group rates but please allow a few days for delivery.

Agricultural stores and builders merchants are among some of the stores that will remain open over this lockdown, so please do contact us if you are in need of any supplies and we will do our best to help you.

Remember we can help with hedge plants, utilities, livestock and poultry supplies, antifreeze / lubricants so please do give us a call.

We hope you are all staying safe and please do call if there is anything you think we can help with.

Kennet & Thames Training

All courses are adhering to strict hygiene rules and social distancing. If the course is being held indoors a facemask may need to be worn.

1860 – 2020: this year is the 160th anniversary of the founding of The Royal Agricultural Benevolent Institution (RABI). We have assisted farming people since Victorian times and what a challenging year 2020 is proving to be! Our fundraising events during 2020 may have been curtailed as a result of COVID-19 but our commitment to continue giving support carries on. Our cards, calendars and notelets are important in helping to spread the word about RABI as well as to generate funds.
 Thank you for supporting our work in the farming community.
