Camilla: 07876828090

Don't forget to Ring the Ring

Please don't forget that we have members available with tractors, trailers, combines, balers, etc that are available to help any members who need extra help over the summer months, if the weather is still as unpredictible as it is at the moment.

Please call Steve or Camilla in the Ring office for further information.

With the summer season well and truly upon us please bear in mind when hiring/using machinery for Insurance, Risk Assessments & Good Practice

- Every member needs to ensure adequate insurance cover is in place, whether you are a supplier or demander to the ring.
- It is good practice to ensure a risk assessment/ method statement is requested from any supplier working for you ahead of job commencement (your insurers may require this in the event of a claim)
- Ensure machinery is always returned clean and full of fuel (as per hire arrangements).
- If you undertake work that require certification, please ensure your operators hold the appropriate documents.
- Upon hiring a machine, in most cases, you will need to arrange appropriate insurance cover for the length of time the machine/equipment is on your premises. It is your responsibility to phone the ring and off hire the machine when you've finished the job.

ZÜRN HARVESTING

The **TOP CUT** collect removes weed seeds that grow higher than your crop. Benefit from our new technology for mechanical weed control and reduce weed pressure in the field.

Noll Countryside Services

Garden Maintenance Job

We run a garden maintenance business and have an opening for an individual to join the team working in and around Lambourn. The work we do is varied and would make for an interesting and satisfying career for the right person.

The work will consist mainly of general garden maintenance to include mowing and hedge cutting however there will be the opportunity to gain new skills such as fencing and turfing.

The ideal candidate would have previous gardening/groundskeeping experience and be able to manage themselves and another person. Our client relationships are very important to us so candidates must be polite, well mannered and presentable. They must have a full UK drivers license and have the confidence to be around machinery.

Salary £25,000 - £35,000 depending on experience
Pension and Accredited Training provided
Flexible working hours
Minimum of 44 hours per week with extra hours available
Immediate start date

If you feel you don't meet all of the above criteria get in touch anyway as we may have other opportunities available for the right person.

To apply please email CV to office@noll.uk
If you would like further information please contact Rosa on 07801 737745

AHDB have released the latest Nutrient Management Guide (RB209). It includes changes to the first four sections of the guide: principles of nutrient management and fertiliser use, organic materials, grass and forage crops, and arable crops.

More information is available www.adhb.org.uk
